

# Looking for talented and motivated interns for your company?

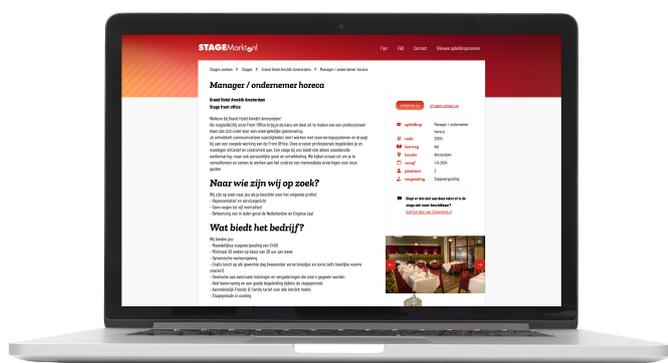

Stagemarkt.nl, the student website by SBB, is the place to find them!

## How to find an intern?

You can recruit interns by directly contacting a work placement coordinator.

Additionally, students are often referred to [Stagemarkt.nl](https://www.stagemarkt.nl), SBB's student platform, which attracts over 2.5 million visitors annually. Every year, about 140,000 applications are sent through the website, and 50,000 students are redirected to company websites.

This makes Stagemarkt.nl a key platform for promoting your company and offering work placements to future professionals.

## Post your work placement vacancy

Work placement vacancies are automatically posted on [Stagemarkt.nl](https://www.stagemarkt.nl) via the [MySBB](https://www.mysbb.nl) platform.

As an accredited work placement company, you have access to MySBB. Here, you can find all the information related to work placements, manage your company details and add, modify or remove work placements. Any changes made in MySBB are immediately updated on Stagemarkt.nl.

## Create appealing vacancies

A clear and attractive work placement listing increases the change of applications. Use a company profile, logo, photos and videos to attract more students. Mention an internship allowance and choose a catchy title to get more responses. A well-written job posting can be reused for future work placements.

## Keep your vacancy up to date

Regularly check whether your work placement is still up to date via [MySBB](https://www.mysbb.nl). Recently updated listings rank higher in search results than older, unchanged ones.

## Benefits of Stagemarkt.nl

- ✓ As a work placement company, you are part of a powerful platform with over 257,000 accredited work placement companies and 175,000 internships annually, both nationally and internationally.
- ✓ Handy search and filter options help students quickly find the right internship based on their preferences.
- ✓ Students can apply directly or get in touch through Stagemarkt.nl.
- ✓ Easily share your vacancies on social media directly from Stagemarkt.nl.
